

Morgan Davies

New York, NY • morgan.davies@email.com • (555) 876-5432

PROFESSIONAL SUMMARY

Analytical Data Engineer experienced in designing, building, and maintaining scalable data architectures. Highly skilled in ETL processing, data warehousing, and transforming raw data into actionable business intelligence.

TECHNICAL SKILLS

- **Programming:** Python, Scala, Advanced SQL
- **Big Data Technologies:** Apache Spark, Hadoop, Kafka
- **Data Warehousing:** Snowflake, Amazon Redshift, Google BigQuery
- **Orchestration:** Apache Airflow, dbt (data build tool)

EXPERIENCE

Data Engineer | *FinAnalytics Corp*

Nov 2021 – Present

- Engineered robust ETL pipelines utilizing Python and Apache Airflow to ingest 5TB+ of daily financial data into Snowflake.
- Optimized slow-running SQL queries and data models, reducing reporting dashboard refresh times by 60%.
- Collaborated with data scientists to structure data lakes and provide clean, accessible datasets for machine learning training.

EDUCATION

B.S. in Mathematics | New York University | 2021
